GH Pearman Agricultural Engineering Ltd

Agricultural and Horticultural Parts, Sales and Service

Scatterbird MK3 is a sturdy, purpose built bird scaring gas gun designed specifically to meet the needs of the farmer. The Scatterbird range has for many years set the industry standard for durability. It incorporates many innovative features, including the use of UV stabilised, impact resistant polypropylene for the casing, and improved performance whilst retaining simple flexible controls.

A superb all-weather piece of equipment, the Scatterbird MK3 provides excellent value for money and uniquely high performance.

Robust low maintenance design

Rustproof and weatherproof

Automatic dawn start-up and dusk shut-off

Reliable electronics

Uniquely effective in high winds

Adjustable firing times and interval control

Bird Yell

Hand-operated sound device for scaring birds. Each sound is selectable, so you can choose the sound of the present birds, after you play the sound it will cause agitation among the birds, so they will consider the area unsafe and will leave.

IN STOCK NOW

Terror Kite & Terror Hawk

The kite that swoops & dives and is constantly moving

Quiet and extremely effective, the Terror Kite is always on patrol even in the lightest breeze. The constant movement as it swoops, dives and climbs disorients the birds. The reflective eyes, predator colours and constant flashing movements clears the birds.

NEW

Quick clip "Lock On" Grease Coupler

Quick: In one click, your coupler is locked on to your grease nipple.

Convenient: Because of its small size it's easy to use even in small spaces.

Makes using the Grease Gun easier as you don't need to hold the grease coupler

IN STOCK NOW

LED Work Lights

LED Blue Spot Work Lights

The blue light makes it easier to see the spray pattern in low light levels.
Can also be used as a forklift safety light.

www.pearman-agri.co.uk

LED work lights distinguish themselves by their very high energy efficiency and offer better vibration resistance than conventional filament work lights.

Portek QuikSplit

The QuikSplit is a super fast, powerful and portable machine, with a build quality you expect from Portek. With a convenient handle, strong chassis and wheels, the QuikSplit can easily be positioned on any flat ground, ready to start work. Two large spinning flywheels, powered by a 1.5kw electric motor, drive the powerful ram with a force of 7 tonnes. The machine uses kinetic energy to hit your logs with high impact; cutting them quickly and safely.

Winter Cattle and Sheep

GATES FROM 8FT TO 16FT IN STOCK

3FT TO 6FT WATER TROUGH IN STOCK

IAE Agriculture

The UK's leading manufacturer in livestock handling equipment, equestrian stabling, steel fencing and shelters.

Award winning products, unrivalled experience and modern production techniques combine to deliver quality that is built to last for a long time.

Steel Frame Fieldgate Range

To suit 25mm & 50mm steel fieldgates

Zedlock is a manually operated sliding bolt with a key-operated deadlock. The unique feature of the Zedlock is the long-throw sliding bolt (70mm/2.75 inches of travel), which means that a Zedlock will still be effective even when the gap between gate and post is up to 50mm/2 inches.

Supplied with two keys. Hole cutter and allen keys INCLUDED. Additional keys can be cut at your local key cutting centre.

Straightforward to fit; self-adhesive template & photographic instructions included.
